EADING JAMMED DOWN

shigh Valley Loses Early Gain After Fierce Attack by the Bears.

EW YORK, Jan. 13.-After a period strength in the early trading, the market gave way today under the es of extensive profit taking. The ent was as indifferent and irreguas during the preceding days of the k and trading was highly professal. Reading continued to be the ster of speculative interest. Its gain points from Thursday's low price to terday's closing led to extensive firing, under which the price broke points. Bears joined in the attack the stock moved widely, closing with ms of about a point. Lehigh Valley sted pressure stubbornly although it its early gain. St. Paul fell a point loss and the downward swing in the provides. Canadian Pacific broke 24, saure against this stock was said to me from Berlin. Norfolk & Western a heavy despite yesterday's announced to subscription rights for stockduring the preceding days of the

cert indications that trade had been its pace after the acceleration and the end of last year seemed to borne out by the report of an in-us in the surplus of freight cars of dy 60,000 and by a decrease in the stry's bank clearings during the last

The expected heavy changes, such as a usual at this period of the year, are revealed in today's bank statement actual cash gain of \$22,350,000 was mewhat larger than had been present. The government's statement of ricultural experts for December reled a decrease in value of \$25,000,000, the decline was wholly because of cerease of \$25,000,000 in value of certainliped. For the year 1911 the total \$188,723,000 as compared with \$831.500 in 1910.

155,721,000 as compared with \$551,-0 in 1910.

bond market was firm. Total par vaiue, \$1,514,000.

KING OF PROFITS WALL STREET IS NERVOUS OVER EUROPEAN AFFAIRS

Proposed Investigation of Banks by Congress Another Bear Feature Entering Into Decline in Saturday's Market.

(By Thomas C. Shotwell.)

By International News Service.

TEW YORK, Jan. 13 -Nervousness over the European situation and the investigation of the banks that is to be ordered in a few days by congress caused selling of stocks in Wall street today after a firm opening. The former situation was reflected chiefly in a decline of two points in Canadian Pacific. Reading reflected the bank inquiry. The close was at the low levels of the day. Pacific Mall was one excention. At one time it was a point over Friday & closing, but it lost most of this gain. With the Panama canni soon to be opened. Pacific Mall stock is attracting much attention.

The Lebigh melon and the Equitable fire kept Wall street excited most of the week. The melon took the shape of a 10 per cent cash dividend with the right to subscribe for stock in the Lebigh Valley Coal Sales company at par to the extent of 10 per cent of ones' holdings. This new coal stock sold as high as 210 shortly after the announcement was made, so that the melon was worth 21 per cent.

Banks Behind Market. n Wall street today after a firm open-

Banks Behind Market.

Traders in general expected that when this Lehiga announcement was made the market would collapse, but Reading was immediately moved to the front as a market leader, scoring an advance of four points Friday and holding the en-tire list firm. Even Union Pacific, which had been sold freely early in the week.

CLOSE ON SATURDAY

No Change in the Quotations

for Silver, Copper, Lead

or Spelter.

York clearing house members, counting both banks and trust companies, is now approximately \$52,000,000, the greater part of which is in the form of specie. There seems to be nothing in sight to indicate a cessation of the flow of money

Flax, Oats and Rye.

MINNEAPOLIS. Jan. 13.—Flax, \$2.152. Barley—85e@\$1.08. Corn—No. 3 yellow, 62@65c. Oats—No. 3 white, 47c. Rye—No. 2, 912c.

METAL EXCHANGES

became steady. Strength was seen in numerous specialties and the whole mar-ket acted as though important banking interests were united in a determination to support it.

interests were united in a determination to support it.

The United States Steel corporation surprised the street with an announcement that unfilled orders on its books at the end of December were 942.898 tons greater fram at the end of the previous month. It is also stated unofficially that orders taken since January I have been at the rate of nearly 70,000 tons a day. This means that the trust is filled with business to run at almost full capacity through the summer. The business is taken however, at low prices, so that the heavy tonnage does not mean unusually large earnings. Some steel authorities claim that the dividend on the common stock will be barely carned flowever, they have not taken into consideration the large earnings of the trust from its cement and railroad properties.

Equitable Fire No Loss.

The fire in the Equitable building re-The fire in the Equitable building resulted in comparatively little actual financial loss. The building had been written down on the books of the company until it was considered an encumbrance rather than an asset. There was much apprehension the first two days regarding the safety of more than \$1,000,000,000 of cash and securities that were buried in the ruin, but before the week was ended most of these securities had been removed and found in absolutely perfect condition.

GOOD VALUES IN

(Continued from preceding page.)

and early in the spring the development of the property will again be taken up. The usual amount of work is now going on at the Crown Point property, the drift which is being driven toward the south from the 500 level being in a distance of about seventy-five feet at this time. The drift is cutting through an entirely new piece of the company's territory but up to this time has not opened anything of importance. In order that work may be continued the directors have levied another assessment of § cent per share.

Force at Gold Chain.

Conditions at the Gold Chain are again formal and the indications are favorable for the handling of the usual lonnage of ore. For about three weeks the mine was unable to ship because of the failure of the San Pedro railway to move the ore and after the ore bins had been filled to overflowing Superintendent Wetteratrom found it necessary to lay off all the ningers who were 3t work upon ore and use NEW YORK, Jan. 12.—The statement of clearing house banks for the week shows that the banks hold \$29,058,250 reserve in excess of legal requirements. This is an increase of \$5,372,600 in the proportionate cash reserve as compared with last week.

The statement follows:

overflowing Superintendent Wetterstrom found it necessary to lay off all the miners who were at work upon ore and use only those who could be kept to good advantage on development work. The first of the present week found the usual force at work at this property and no further trouble is anticipated. A total of ten cars of ore were loaded for the week ending last night and the Gold Chain will be one of the heavy shippers in the future.

Encouraging reports are being sent out from the Grand Central mine, where some new ore has recently been developed upon some of the deepest levels. The opening of a new ore body on the 1600 level, mention of which has already been made in these columns, has materially increased the mine's available supply of shipping ore. The drift which followed this ore for about 150 feet has been discontinued for the present in order that stoping might be taken up. The drift has not as yet reached the end of the ore body and work will be taken up there again as soon as the deposit can be "sounded" with a view to learning more of its possibilities. or shipping ore. The drift which followed this ore for about 150 feet has been discontinued for the present in order that toping might be taken up. The drift has not as yet reached the end of the tore body and work will be taken up there igain as soon as the deposit can be bounded with a view to learning more if its possibilities.

Shipment from Swansea.

At the Swansea Consolidated mine brifting is still going on h both the

Shipment from Swansea.

Trust companies' cash reserve in vault, At the Swansea Consolidated mine drifting is still going on in both the north and south drifts upon the 50 level and raises are also following the ore from both of these drifts. The raise from the north drift is now about twenty-five feet above the level and is following a very nice bunch of ore. The other raise, which was but recently started, is also in ore. During the week a carload of very good one was sent out to the smelfer and according to mine assays the ore should bring a little better than \$25 per ton, the values being in silver and lead. There is no ore in the face of the drift on the 940 level at this time, but results are expected soon in both places. The south drift should encounter a bunch of ore bedy which was opened a few years ago on the 700 level and about 150 feet of drifting will take the north drift to a point below some of the old workings of the Swanses, where an ore body will no dombt be found.

LISCOVEDY TEO LIST D. Aggregate cash reserve, \$440,004,000. Excess lawful reserve, \$25,058,250; increase, 35,352,600. DISCOVERY TO HELP THE OIL BUSINESS

The Wisconsin Engine company of Corliss, now controlled financially, and officered by Milwaukee people, has recently perfected an oil producer engine which is pronounced a world beater. Edward T. Adams, the president of the company has grown by Total deposits, \$685,192,200; decrease, \$1,082,300. The Financier will say:

Cash continues to flow into New York in unseasoning volume, the clearing in unseasoning volume, the clearing louse banks having gained for the week ending January 15, taking the report of conditions as a basis, the sum of 152 \$22,350,000 in specie and legals. The structed the great gas engine plant of this smount was derived the great gas engine plant of the sub-treasury. Loans though the banks were gainers also in the operations with the sub-treasury. Loans showed an expansion of \$38,126,000 and this, together with the heavy cash gain, accounted for an expansion of \$38,126,000 and this, together with the heavy cash gain, this, together with the heavy cash gain, accounted for an expansion of \$60,314,000 the first called for additional reserve requirements amounting to \$15,000,000, but in met deposits. The increase of net deposits called for additional reserve requirements amounting to \$15,000,000, but in minuments to \$24,250,300, which is pronounced a world beater. Edward T. Adams, the president of the company, he called the company. A few years ago, when employed by the Allis-Chalmers company, he constituted the great gas engine plant of the Steel corporation at Gary, Ind., and his reputation in America and Europe is an expansion of \$38,126,000 and the stem builder is a guarantee that there is no "bune" in the amouncement Briefly it means that with crued petrolem, the desired and power developed up to 10,000-horsepower to the unit, which is twenty times what the complicated Diesel engine of Germany has been able to develop and the new machine is simple, as every really great invention must be.

Its revolutionary character is suggested by one illustration. Using the same space in the hold of a vessel that coal both banks and trust companies, is now

Its revolutionary character is suggested by one illustration. Using the same space in the hold of a vessel that coal would require, the oil broducer would drive a vessel six times the distrace. As no smoke is made, all the space taken by smoke stacks will be climinated. A gas producer plant will take less space than a steam plant, and the cossel can take fuel at any dock as a locomotive takes water. Drop a pipe into the hold and gravity will do the rest. There are millions behind the project and it needs no trumpeting. Like the discovery of electric power, it will be world-wide in its effects.—Milwaukee Journal.

WHEAT UP A SHADE

IN CHICAGO MARKET

No Change in the Price of

Corn; Oats About the Same

and Provisions Lower.

CHICAGO, Jan. 13.—A quick rally owing to big cash sales resulted today in a net advance for wheat. Closing figures were a shade to k@ic higher than last night. Corn finished precisely the same as twenty-four hours before outs varying from 1-16c off to to up and holding products at 50c to lie decline.

Although the wheat market closed firm at the top prices reacted, a heavy tone prevailed a greater part of the session. Moderating weather with its promise of increased receipts at primary conters had a decidedly bearish influence for a time and there was a like effect from Buenos Avres advices telling of more liberal arrivals, notwithstanding that the raliford strike was said to be widening out. At the ensuing decline some investment demand developed and the reaction which followed assumed the nature of a bulge, when, just before the close, announcement was made that cash sales here amounted to 500,000 bushels and that vessel room had been chartered to load and hold 300,000 bushels more. Between the opening and the windup May fuctuated from 39% to 99% (10), closing at the last-named level, a gain of a shade as the final outcome of the session.

Shorts evening up for the week offset corn depression. May ranged from 64kc to 67kc, with the close steady at 64kg. Oats showed considerable activity. May ranged from 48ke and 49km 49kc, with last sales 49kc, a net loss of a shade.

Provisions were down all around. The offerings, newever, were well taken and the market gave no signs of becoming demoralized. In the end pork was off 10c to 15c and the rest of the list 5c to 24c. RANGE OF THE LEADING FUTURES. Wheat— Open High Low. Close.

Are You a Perfect Man?

WITH NO BACK PAINS NO NERVOUSNESS NO WASTE OF TISSUES NO LOSS OF AMBITION

But With Plenty of Life, Energy and Vigor of Youth

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous young fellows that nature intended them to be, they find themselves despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility; their finer sensibilities blunted and their nerves shattered.

Remarkable Cures Perfected in Old Cases Which Have Been Neglected or Unskil-fully Treated. NO EXPERI-MENTS OR FAILURES.

A Sure Cure A Small Fee

lows me to make uniformly that no man need be without proper treatment. I absolutely have the best equipped medical offices in the west. This fact, together with my knowledge and experience, insures every man receiving the best and most scientific treatment known to the profession.

I never make my fees or means of paying them out of the reach of any man, for I have plenty of this world's goods, and it is my desire to give to discussed men the best treatment to be had for a small outlay of money. Within the reach of any man,

Don't Delay-Call Today

ONE-HALF THE FEE CHARGED BY OTHER SPECIALISTS

Weakness I use the quickest cure in the world for Weakness of Men, which take. Come to me first and avoid wasting your hard earned cash on worthless medicines or treatments. Consultation and examination free. Call today. Chronic Cases If you have an old case that has been hanging on for months and which incidicines from doctors and druggists can't seem to cure, there is some reason. I have a scientific cure for these cases and will cure right, quickly and cheaply. Don't let a disorder drag you

Blood and Skin Disorders Eruptions, pimples, swellings, rheumatism, go to Hot Springs, I can cure you cheaper and better. Under my scientific treatment all these symptoms quickly disappear, and robust health returns. If others have failed to cure or are not benefiting you, come to me. I cure rmanently, quickly and cheaply

Bladder Trouble and Kidney Disorders Have you backache? complexion? Have you weak or fainting spells? Do your feet swell? If you have any of these symptoms don't wait until your case gets bad. I will give you a careful examination free. Come now.

Nervous Men Not sick in Sed, Yet Hardly This is how you ally pain across the small of the back, blue rings under the eyes, specks before the eyes; sleep does not refresh you; you get up in the morning feeling tired; your memory is poor, your mind wanders; you are hollow eyed; you are fearful, always expecting the worst to happen; nervous, no appetite. Dear reader, come to me, and I will lend you a helping hand. I cure cheaply and permanently. Come today—don't put it off any longer.

CERTAINTY OF CURE

Is what you want. If you are tired of paying out money and waiting for results, this is your opportunity to be cured quickly. There is all the difference in the world between doctors and treatments, and you want the best.

OUT-OF-TOWN MEN VISITING THE CITY Consult me at once upon arrival, and maybe you can be cured before returning home. Many cases can be cured in one, two or more visits, continuing treatment when home. Consultation and advice free. Medicines \$1 to \$6.50 per

Every "Worn-Out." Diseased and Nervous Man Has a Chance to Get Cured.
I do not "Patch Up." I cure to stay cured. Do not delay. Call or write
today. I diagnose by exclusion. No mistakes made.
Amination free. Urinal analysis free.
Write for self-examination blank if unable to call. Many cases can be cured
at home, secretly. No loss of time.

Salt Lake Medical Institute

1591 SOUTH MAIN STREET.
